Become an ACLS Experienced Provider!

On September 24th, we will be offering the AHA's ACLS for Experienced Providers (ACLS EP) Course for an additional \$150. ACLS EP goes beyond the core ACLS training by offering critical thinking opportunities for those advanced, experienced, healthcare professionals who use ACLS on a regular basis.

Who Should Attend? This course is designed for those who are proficient in performing BLS and ACLS skills, reading and interpreting ECGs, understanding ACLS pharmacology; and who regularly lead or participate in emergency assessment and treatment of prearrest, arrest, or postarrest patients. Upon completion of all course requirements, participants receive an ACLS EP Provider Course Completion Card which is valid for two years.
